## **SCOPE AND CONTENT**

The Department of Public Welfare was established by the 70<sup>th</sup> General Assembly (Chapters 49, 50 and 51 Public Acts of 1937).

Originally the Department of Public Welfare and Institutions, it administered state prisons, mental institutions and tuberculosis hospitals, as well as determining eligibility for such federal projects as the C.C.C., N.Y.A., and W.P.A. and providing for old age assistance, aid to dependent children and aid to the blind.

George H. Cates was the first commissioner and Roy L. Garis was executive assistant in charge of the Division of Public Welfare.

The files sent to the State Archives date from 1938 to 1971, with the bulk falling between the years 1952 and 1958, during which Christine Reynolds was commissioner.

The majority of this record group consists of county and regional files and appeals for hearings on discounted or reduced old age assistance payments.

One remarkable item is the "Diary of an Unemployment and Relief Worker".

Another notable area is the County Advisory Committee minutes. Two groups of these minutes exist. One is filed by county and the other by date. Though these two groups contain some of the same material by the Welfare Department, it was decided to preserve the record group with its original order intact.

Other areas of interest are various State OASI project progress reports, departmental correspondence, regional and county reports, memos, and various publications.

One unique item is a map of travel patterns for migratory agricultural workers.

Other noteworthy items include copies of legislation, field reports, conference information, bulletins, questionnaires, itineraries, departmental histories, memos, project reports, statistics, budgets and periodicals.
